

# Field Day & Cost-Share Program Sign Up

Wednesday Aug 15, 10a–2p, 1850 Hidden River Rd in Verona

See planter and minimal tillage demos, cover crop test plots, and more at our summer field day. All farmers in the watershed are also invited to participate in the cost-share program, which has \$26,000 budgeted for 2018.

## Field Day will include

- No-till corn planter demo equipped with precision planting components
- Tillage demos, featuring the Kuhn Excelerator and Great Plains Turbo Till
- Reel disc demo from McFarlanes
- Cover crop demo plots
- Farmers for the Upper Sugar River meeting to follow
- **Lunch will be provided!**

## 2018 Cost-Share Program

- Low disturbance manure injection - \$20/acre up to 100 acres
- Reduced tillage tool, vertical tillage, or strip tillage - \$15/acre up to 130 acres
- Cover crops - \$40/acre up to 50 acres
- No-till drill rental for cover crop seeding - \$15/acre up to 130 acres
- Other innovative technologies that impact water quality – up to \$2000

## Can't make the field day but want to sign up for the cost-share program?
